joyful and purposeful college consulting

About Me

My mission is to help you achieve your full potential and thus reach your dream college. While some counsellors look at applying to college as only an academic exercise, at BlueSkies, we believe it to be a journey of self-discovery – a chance to find your true self and build skills that will serve you for a lifetime.

I will be personally dedicated to every child. I hold a B.Sc from The Wharton School and an MBA from the Kellogg School of Management. I have been an alumni interviewer for the Ivy League for 9 years. As a native of Chicago and a current resident of Bangalore, my 15 years of work experience spans USA Fortune 500 companies to Indian venture capital to entrepreneurial endeavors.

I am passionate about helping students identify their best selves and helping them secure admission to a top college.

LET'S WORK TOGETHER

SUMMARY:

- ✓ End-to-end application support
- ✓ Assistance with your school shortlist, application strategy, essay editing, and final school selection etc.
- ✓ A partner, friend, mentor and sounding board for this critical journey

What You'll Get

1 HOLISTIC STUDENT REVIEW

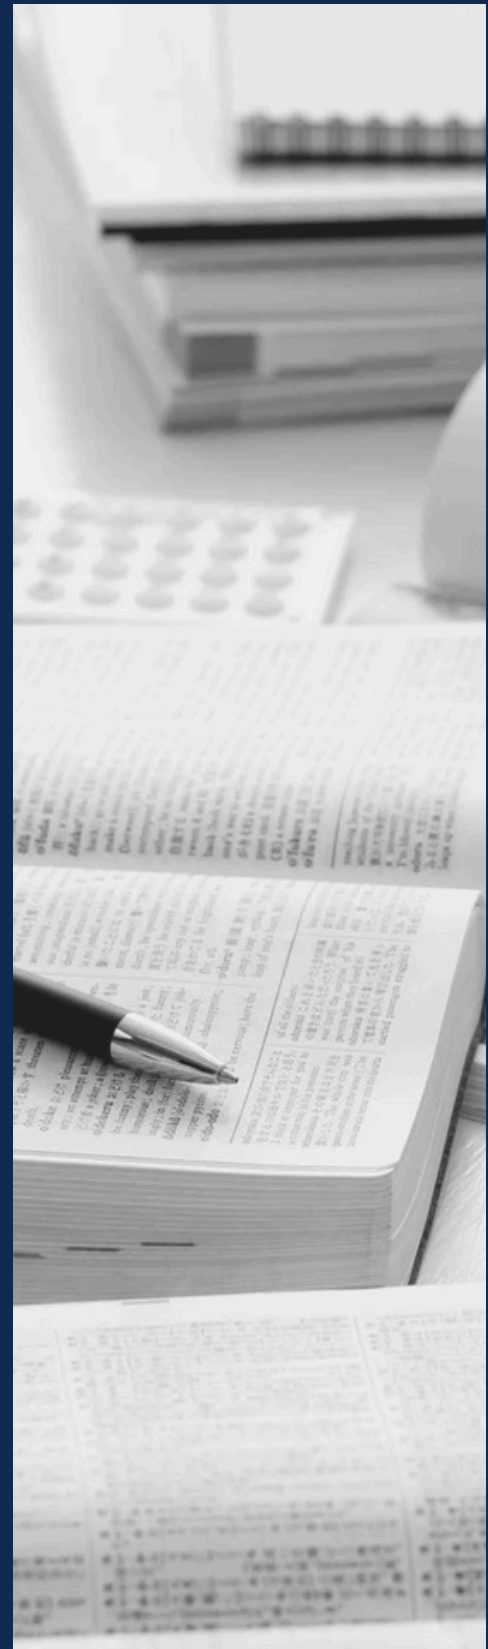

We begin by understanding everything about you from your EC's to your courses to your passions, motivations and values. This will shape the way forward – and we can't miss the details.

2 SCHOOL SELECTION STRATEGY

You will have a few schools you are excited about, and we will share dozens of other that match your basic requirements. After a detailed study, we can narrow down your choices to dream, safety, and target schools.

3 EXTRACURRICULAR & SUMMER MANAGEMENT

Your EC's are largely subjective and shape your application significantly. It's imperative we get the path forward right to highlight your skills and strengths. We will brainstorm and execute an impressive path.

4

ESSAY SERVICES

A workshop of 5-10 hours will help us begin the process and then craft the overall strategy to demonstrate your best self. You will get detailed thoughtful questions for each essay prompt and subsequently a joint review of the content you produce.

5

INTERVIEW SERVICES

Knowing how to sell yourself is a critical aspect of an interview and one that many of us are scared of. We will prepare you and build your confidence so you shine.

6

LETTER OF RECOMMENDATIONS

Building a relationship with your counselor and the teachers submitting your LOR is needed. They need to know the whole you. We will supplement them with the info they need to write something spectacular.

7

RESUME SERVICES

Resumes are about numbers and impact. The organization of your accomplishments is very critical. We will edit your resume until it reflects your true accomplishments.

8

WAITLIST & SELECTION STRATEGY

Did you know there are things you can do to increase your chance of getting off the waitlist? We will execute on them and improve your chances of getting in.

9

FINAL SCHOOL SELECTION

Your final school decision should not be based on US News Ranking. We have to think deeply about where you will be the happiest and hopefully where some scholarship is received.

10

TIMELINE MANAGEMENT

Leave the deadline management up to us. Every school has unique requirements and leading up to it, we have to plan the brainstorming, editing and finalizing.

11

AND EVERYTHING ELSE

All those tiny pesky questions you have? What should my Extended Essay be written on? What should my research topic be? How do I get the maximum impact from my internship? We are there to help.

FAQ's

How much should my parent be involved?

Parents can be involved as little or as much as they want. But a parent knows much more than any counselor and their involvement will guarantee better results.

Can you write my essays for me?

The most important part of an essay is the voice of the student and it's absolutely critical that comes out. I won't be writing essays on your behalf but I will help you every step of the way.

Can you guarantee a successful admission to my dream school?

There is no guarantee of acceptance into any school. Even a perfect student, for some reason unknown to us, be rejected from his dream school. What I do offer you is a significantly better chance at getting in.

Will you give me my internship, summer school, list of schools, etc on a silver platter?

This is going to be hard work. Really really hard work. But, this is about you. Your growth and capability to stretch yourself and find what fits you. And you know yourself best. I will hand hold you, but you will do the heavy lifting.

If I have a question outside of our scheduled meetings, will you help?

Of course! Email or whatsapp me and I'll get back to you asap. Your success is my success.

Why should I work with you?

Most counselors don't have the bandwidth to work with you unconditionally and time is limited to 1 hour monthly sessions. I promise to be your partner. Families trust us.

Let's Get Started!

This is going to be an experience that you will forever remember and one that will likely shape you as a person.

Let's do it with joy, purpose, and maybe even some fun. I promise - you will come out stronger in the end.

ARE YOU IN?

*"Your Success is
My Success!"*
